MOTION FOR LEAVE TO FILE A RESPONSE

Middle Georgia Communications, Inc., by its attorney, hereby respectfully requests leave to file a response to the Reply Comments filed in this proceeding by Georgia-Carolina Radiocasting, LLC (hereinafter "Georgia-Carolina"). In support thereof, it is alleged:

1. In its Reply Comments, Georgia-Carolina speculates that the removal of Channel 249 from Eatonton, GA, may create underserved areas. As shown by the attached Technical Statement, that is not the case. The areas losing service all have at least five aural services.

2. This Supplement is being filed immediately, long before this case reaches the active processing stage. Thus, acceptance of this Supplement will not delay the proceeding. It will, however, serve the public interest by allowing the staff to have a full and complete record.

TECHNICAL STATEMENT
IN SUPPORT OF
MB Docket No. 04-379

December 10, 2004

I understand that in Reply Comments, filed in FCC Docket No. 04-379, Georgia-Carolina Radiocasting, LLC, has questioned whether the proposed move of Channel 249 from Eatonton, GA, to Lexington, GA, will deprive underserved areas of service. That is not true. The areas losing service all have at least 5 existing aural services.

Respectfully:
